

## CRIMINAL JUSTICE UNIFORM POLICY

The criminal justice profession is founded upon professionalism and a strict code of conduct and it is the mission of Beal College to expect that the criminal justice students adhere to a strict code of conduct in preparation for a successful career.

The IACP-Law Enforcement Oath of Honor is as follows:

On my honor,  
I will never betray my badge,  
My Integrity, my character,  
Or the public trust.  
I will always have  
The courage to hold myself  
And others accountable for our actions.  
I will always uphold the constitution  
And community I serve.

The Beal College Criminal Justice program instructors follow the IACP-Law Enforcement Oath of Honor and it the expectation of the College to have its criminal justice students follow it as well. It is the mission of the Beal College Criminal Justice program to prepare our students for careers in law enforcement, conservation law enforcement, corrections and private security.

A part of the mental preparation for any aspiring law enforcement officer is the wearing of a uniform. The uniform provides a ready identification to the public that they are interacting with a professional law enforcement officer that has been trained to serve and protect them. The uniform is to be worn with pride and wearing it brings a responsibility for conducting his/her professional and personal life with integrity and honor. The Beal College Criminal Justice students are required to purchase a training uniform, including a duty belt, and to wear this uniform while attending all classes on campus.

The uniform is an important asset to the students training at Beal College from day one. However to allow the student sufficient time to budget his/her finances the uniform and gear is to be purchased no later than the student's second Mod of attendance.

Please see uniform information on the reverse
