3

Enroll Today

Financial Aid and Veteran's benefits available for those who qualify; Limited class size – contact us today at 207.307.3900.

State-Of-The-Art Lab

Our lab is equipped with state-of-the-art, high fidelity and virtual reality simulators and to help engage students and develop their nursing skills.

BOOK YOUR LAB TOUR TODAY

Our dynamic curriculum focuses on you, the future RN!

The Nursing Associate’s Degree program prepares you to become a competent, compassionate, and well-respected Registered Nurse (RN). As an entry-level Associate’s Degree practitioner, you’ll be prepared to provide holistic nursing care to patients and their families in a variety of acute, long-term care, and community health settings. You’ll also develop the ability to communicate professionally with patients, families, and members of the healthcare team, using a variety of methods including informatics.

With a hands-on clinical placement in a real-life healthcare setting, you’ll learn first-hand how to collaborate as a responsible and accountable member of a healthcare team to provide safe, quality, patient-centered care – all within the legal and ethical boundaries of the nursing profession.

Approved by the Maine State Board of Nursing
