## **CAMPUS SECURITY**

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), originally known as the Campus Security Act, requires all colleges and universities that participate in federal financial aid programs to keep and disclose information about crime on and near their respective campuses.

Campuses are not permitted to take retaliatory action against anyone with respect to the implementation of any provision of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

### **GENERAL EMERGENCY RESPONSE and EVACUATION PLAN**

Clear communication is essential during an emergency. Multiple methods must be used as no one system alone can transfer information. As decisions are made, appropriate communications must be developed and distributed in a timely manner to all key audiences: students, faculty, staff, senior executives, and the general public.

Should an event occur, either on or off campus, which, in the judgment of the Chief Operating Officer and/or the Campus Director, constitutes a significant emergency or dangerous situation involving an immediate threat to the health or safety of the campus community (an “Emergency”), a campus-wide notification would be issued. A message notification is sent to employees, students, and designated persons in the larger community in the event of an Emergency. In the event of an Emergency, the Chief Operating Officer and/or Campus Director would craft a notification containing a basic description of the time and form of the Emergency.

Prior to making an Emergency announcement, the Chief Operating Officer and/or Campus Director will determine (1) whether, in his or her judgment, the information suggesting that an Emergency has occurred is credible, and (2) whether issuing a notification or making an announcement would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the Emergency. If the Chief Operating Officer and/or Campus Director is unable to carry out the duties described above, they will be carried out by the management staff.

In the event that an Emergency announcement is made directing an evacuation, all persons on campus should exit the building immediately by way of the nearest exterior door, marked with a lighted red exit sign, exiting to the outside and quickly proceeding to the designated area. If the nearest exterior door is blocked by smoke, individuals should use another exterior door. Please see posted evacuation routes for each office or classroom space. It is the responsibility of all able staff to assist any persons with disabilities.

Those persons who exit the building first must position themselves far enough away from the street to enable everyone to stand clear of emergency vehicles. The street must be kept clear at all times, so as not to hamper the movement of emergency vehicles into the area.

Once outside the building, the Chief Operating Officer and/or Campus Director will confirm that appropriate emergency personnel have been contacted, congregate all employees in the safe area location and confirm that all employees and visitors are out of the building, and meet with emergency personnel at the front entrance to provide additional information. Bangor campus safe area for the staff and students is designated as the area to the far back right hand corner of the school parking lot. Wilton campus safe area

for the staff and students is designated as the back left corner of the downhill parking lot, located on the backside of the building, near the dumpster. Staff members trained in CPR and rescue breathing should survey the individuals outside to determine if anyone is in need of first aid and provide such aid as needed.

Once outside, individuals should not re-enter the campus building for any reason until it is declared safe by the appropriate emergency personnel and the Chief Operating Officer and/or Campus Director has agreed to permit persons to re-enter. Information is posted on the University's website at <https://beal.edu/consumer-information/> click on Emergency Response Plan for your campus.

Should an Emergency occur, either on or off-campus, which, in the judgment of the Chief Operating Officer and/or Campus Director, constitutes an ongoing or continuing concern, follow-up information would be issued to the campus community as needed. This information would be issued through the University's e-mail and text messaging system to students, faculty, and staff. Related information also would be posted in classrooms, campus library, student bulletin boards, and student lounges as appropriate.

A test of the University's Plan is publicized and conducted at least once annually. Documentation of any such test is maintained at the University, and includes a description of the exercise, the date and time at which it occurred, and whether it was announced or unannounced.

### ***Emergency Communications***

When an emergency condition exists, the Chief Operating Officer and/or Campus Director will notify the necessary members of the Emergency Plan Team to respond to their areas of assignment. Notifications must be given in plain language. Code words should not be used. The methods of communication will include but are not limited to text messaging, email, voicemail, postings on social media (Facebook etc.) or by word of mouth depending upon the unique circumstances of the emergency.

## **SECURITY and ACCESS TO FACILITIES**

- The campus limits access to the campus facilities to authorized personnel, students, and visitors.
- Unauthorized persons will be considered "trespassers" and will be dealt with accordingly.
- Adequate lighting is provided at all campus locations, especially in outside areas. Certain school staff and faculty are always on campus during business hours.
- Only authorized vehicles are allowed to park in the designated parking areas.
- The campus maintains its relationship with local police through campus in-services and collection of statistical data. In addition, the campus works with local law enforcements as necessary to report or investigate crimes.

## **CRIME AWARENESS and PREVENTION**

- All new campus employees and students are instructed on crime awareness during orientation, including the description of campus security measures and procedures for reporting any criminal activity or emergency. Students are required to follow campus security guidelines for their own personal and property safety, and are encouraged to report any suspicious activity.
- Prospective students and employees are provided with a summary of the campus measures to prevent crime on campus, with details for acquiring the complete policies and procedures package from the campus via the campus website. This information on crime awareness is readily available upon request, and is updated and re-distributed to all existing students and staff on an annual basis.

- The campus conducts bi-annual in-service programs designed to heighten awareness of crime and its prevention. These in-service programs are conducted by local law enforcement or qualified officials twice a year.
- The campus does not maintain any off-campus student organizations.
- Students performing externship or off-campus clinical practice are expected to practice safety and security procedures as if the site were an extension of the campus.

### ***Crime Prevention***

Often people contribute to crimes of opportunity by needlessly placing themselves or their property at risk. Prevention efforts can be effective in reducing the opportunities for criminal activity. The following list is a compilation of tips devoted to crime prevention:

- Do not prop open campus doors.
- Do not leave personal property unattended.
- Report suspicious individuals to the management staff.
- At night, always walk in groups of at least two.
- Stay on main walkways.
- Remove valuables from your car and lock it.
- Engrave your initials into your valuables.
- Attend university-sponsored programs led by law enforcement officials.
- Be aware of your surroundings and what is going on around you.

If you assume responsibility for your own safety first and encourage others to do the same, the opportunities for crime are drastically reduced.

### **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT OF 1974 (FERPA)**

Based on the Family Education Rights and Privacy Act (FERPA), Beal University students (if under 18 years of age, their parents) may request to inspect their academic records by submitting a written request to the Academic Department. Beal University will make records available for review within 45 days of receipt of the request. Students may then request amendment of their academic records by notifying the

Academic Department in writing. After evaluations of these requests, students will be notified in writing of the outcome.

In compliance with FERPA, Beal University will release “directory information” on all students. Directory information includes student names, student statuses, professional certifications, Beal University awards for high school seniors, academic award and commencement information. Students may consent to release additional personally identifiable information in their academic records and/or decline release of directory information by completing the form titled Authorization to Release Information.

Beal University will honor requests by students to withhold certain information from parties requesting it, except where governed by law and/or regulation.

Under FERPA, Beal University may release student information without student consent to school officials. This includes Beal University officials and those officials of other institutions who have a legitimate educational interest and need the information in order to fulfill their professional responsibilities. The University is also authorized to release student information to various federal and state agencies, accreditation agencies and to appropriate parties when so ordered by a federal or state court. Additionally, in the event of an emergency, Beal University will release student information to protect the health and safety of students, staff and faculty.

Beal University’s responses to student requests for academic record amendments may be appealed in accordance with the University’s Grievances and Appeals Policy. After exhausting all appeals, students who have a grievance regarding the release of their personally identifiable information may file a complaint with the U.S. Department of Education, Family Policy Compliance Office, 400 Maryland Avenue, S.W., Washington, D.C. 20202-4605.

### **VIOLENCE AGAINST WOMEN ACT (VAWA)**

On March 17, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA) which amended the Jeanne Clear Disclosure of Campus Security Policy and Campus Crime Statistics Act (Cleary Act).

The U.S. Department of Education has issued final regulations. Beal University is making a good faith effort to comply with the statistics regarding VAWA.

Each year, beginning in 2013, the campus will report statistics for domestic violence, dating violence and stalking in accordance with the definitions used in section 4002 (a) of the Violence Against Women Act of 1994. Beginning in 2014, the campus has added VAWA to our institutional crime log and will begin reporting the information.

Beal University prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking.

Each of these offenses are defined as follows:

Domestic violence: A felony or misdemeanor crime of violence committed—• By a current or former spouse or intimate partner of the victim; • By a person with whom the victim shares a child in common; • By a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; • By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth

victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

**Dating violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition— • Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. • Dating violence does not include acts covered under the definition of domestic violence.

**Sexual assault:** any conduct proscribed as sexual abuse by federal statute. Such proscribed behavior includes knowingly causing another person to engage in a sexual act by using force against that other person or by threatening or placing that other person in fear. It also includes engaging in a sexual act with another person after knowingly rendering that person unconscious, or administering to another person by force or threat of force, or without the knowledge or permission of that person, a drug, intoxicant, or other similar substance and thereby substantially impairing the ability of that other person to appraise or control sexual conduct. Sexual assault also includes knowingly engaging in a sexual act with another person if that other person is incapable of appraising the nature of the conduct or is physically incapable of declining participation in or communicating unwillingness to engage in that sexual act. Sexual assault also includes knowingly engaging in sexual contact with another person without the other person's permission. Finally, the statute proscribes any attempts to commit any of these acts.

**Stalking:** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to— • Fear for the person's safety or the safety of others; or • Suffer substantial emotional distress.

### ***Bystander Intervention***

If you are the bystander to domestic violence, dating violence, sexual assault or stalking, below are some options for the bystander:

- If you witness sexual violence, get support from people around you. You do not have to act alone.
- Practice with friends and family about what you would say and how you would say it.
- When intervening, be respectful, direct and honest.
- Contact your local sexual assault center to see if they offer resources or training on bystander intervention (<https://www.nsvrc.org/organizations>)
- If you see or hear something and you do not feel safe, contact the police.

### ***Risk Reduction and Ongoing Awareness***

Beal University provides risk reduction and ongoing awareness through orientation of new staff and prospective and ongoing students. In our orientation programs, staff and students are provided the required consumer information disclosures from the University's website to download and review. The disclosures contain information on general crime prevention, how to interrupt situations of harm and the appropriate notification system when an act occurs.

### ***Sanctions***

Students found responsible for violating any of the University's policies may receive disciplinary sanctions. The fundamental principle guiding the imposition of sanctions in the student discipline system is founded in the University's effort to balance upholding community standards with the educational development of its students in addressing individual behavior.

The sanctioning regimen is designed to reestablish order while considering the common good, which sometimes necessitates the temporary or permanent removal of the offender. Mechanism within which offenders can reflect upon their actions and their impact on both themselves and restoration of the offender to good standing within the community provided the safety of the community is not jeopardized by the individuals' presence or return. The sanctions listed below is not meant to be exhaustive.

- Suspension from campus
- Dismissal from the University

The final determination of the appropriate sanction is done by the Academic Advisory Committee.

Employees found responsible for violating the University's policies may receive disciplinary sanctions that could include a written warning, final written warning and/or dismissal from employment depending on the specific violation of the University's policies. The final determination for employees is decided by the management staff.

### ***Preserving Evidence after a Sexual Assault***

Evidence of a sexual assault should be preserved as soon as possible after the incident, even if the reporting student is unsure about reporting or filing criminal charges. A Sexual Assault Forensic Examination (SAFE) will preserve evidence and may be done up to 84 hours after an assault. A SAFE may be done regardless of whether or not the student receiving the examination wants to pursue criminal charges. The student does not need to provide his/her name to police to have the exam and for the evidence to be preserved. Preserving evidence, including from a SAFE, does not obligate the student to pursue criminal charges or appear in court. Steps to preserve evidence:

- Do not shower or douche
- Try not to urinate. Urinating may reduce the ability to detect "date rape" drugs
- If there was oral contact, do not smoke, eat, or brush teeth
- Do not change clothes. If you have already changed your clothes, place them in a paper bag (plastic may destroy evidence) If you haven't changed, keep the original clothes on and bring an extra set to wear home from the hospital
- Go to a hospital with the capability of providing a SAFE exam and request the exam. The cost of a SAFE examination is paid for from a state fund

### **REPORTING CRIMES**

1. Students and staff should report criminal acts to the Chief Operating Officer and/or Campus Director at the campus or a member of the management staff.
2. Students and staff who have complaints of a sexual offense should report such conduct to the Title IX Coordinator. There will be no retaliation against students or employees for reporting sexual offenses or assisting the University in the investigation of a complaint. The accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding, and both the accuser and the accused shall be informed of the outcome of any institutional disciplinary proceeding brought alleging a sex offense
3. Reporting crimes is on a voluntary, confidential basis.
4. The Chief Operating Officer and/or Campus Director is responsible to document any criminal acts, as well as reporting crimes to the local authorities as required by law.
5. The campus is required to make timely warnings to members of the campus community regarding the occurrence of crimes. The campus community includes all campus buildings and grounds, and

all adjacent public property.

6. Timely warnings to the campus community will include but are not limited to text messaging, email, voicemail, postings on social media (Facebook etc.), postings in the University's learning management system or by word of mouth depending upon the unique circumstances of the emergency.
7. If there is an ongoing investigation of a crime that occurred in, at, or on any of the locations listed above that would be jeopardized, cause the suspect to flee, risk the safety of an individual, or result in the destruction of evidence, the campus may delay the timely warning until any adverse effect is no longer likely to occur.
8. The statistics are collected centrally for each campus each MOD and reported to the Department of Education annually.

Students and staff who report crimes will be provided with an explanation of your rights and options.

### **TITLE IX COORDINATOR**

The following individual serves as the Title IX Coordinator and has the primary responsibility for coordinating the University's efforts related to the intake, investigation, resolution, and implementation of supportive measures to stop, remediate, and prevent sex-based harassment, discrimination, and retaliation. Questions about this Policy, Complaints, or notice of alleged violations can be made by contacting the Title IX Coordinator.

**Robin Tardiff**, 99 Farm Rd, Bangor, ME 04401, [titleix@beal.edu](mailto:titleix@beal.edu), and 207-307-3900 ext 336.

In addition, the University has designated the Chief Operating Officer as a person with authority to address and correct sex-based harassment, discrimination, and retaliation.

Steve Villett, 99 Farm Rd., Bangor, ME 04401, [svillett@beal.edu](mailto:svillett@beal.edu), and 207-307-3900

In addition to the foregoing individuals, the University has directed all employees, not designated as Confidential Resource; to report any knowledge they have of sex-based harassment, discrimination, and retaliation to the Title IX Coordinator.

### **CRIME STATISTICS**

The federal law requires that colleges and universities disclose statistics on 12 crimes that may occur on-campus, on non-campus property, or on public property adjacent to the campus. For the purposes of the Clery Act, any building that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student facility even if the building itself is owned or controlled by a third party, as classified by the FBI Uniform Crime Report.

Campus specific statistics are attached as an addendum and may be obtained by students and/or employees (current and prospective) via the campus website or at the campus location(s).

#### ***Definitions for Crimes, as defined by:***

- FBI's Uniform Crime Reporting Program's Summary Reporting System (SRS) User Manual,

person; underage possession; using a vehicle for illegal transportation of liquor; drinking on train or public conveyance; and attempts to commit any of the above.

## **SEX OFFENDERS**

The Campus Sex Crimes Prevention Act requires colleges and universities to disclose to its students the location of sex offender registries and the campus community where state law enforcement agency information concerning registered sex offenders may be obtained. The act also requires registered sex offenders to provide a notice of any campus of higher education in which the offender is employed, carries on a vocation, or is a student to state officials.

Students who are subject to an involuntary civil commitment, after completing a period of incarceration for a forcible or non-forcible sexual offense, are ineligible to receive a Federal Pell Grant.

Any member of the campus community who wishes to obtain further information regarding sexual offenders in the area may refer to <http://www.sexoffender.com> for the national registry.

### **Sex Offenses**

In order to prevent the occurrence of rape, acquaintance rape, and other forcible and non-forcible sex offenses, Beal's policy includes the following:

- In conjunction with the campus annual in-service, the campus will address awareness and prevention of rape and sex offenses. This in-service program is conducted by local associations and possibly with assistance from the local law enforcement officials annually. Notice of the program is given to faculty, employees, and students via email from the University's student management system, the learning management system, and Outlook.
- If a sex offense occurs, the victim should immediately notify the campus authorities and local police. Any evidence that may support the offense should be meticulously preserved for police identification. To preserve evidence, you should not bathe or change clothes or do any cleaning up in any manner prior to receiving medical assistance.
- Students have the option to report rape or sex offenses to the proper law enforcement authorities. The campus staff will assist the student in reporting these offenses at the student's request.
- Information on local and national counseling agencies may be obtained from the Chief Operating Officer and/or Campus Director. The local and national counseling agency information is attached as an addendum.

## **PURPOSE OF DRUG AND ALCOHOL ABUSE PREVENTION PROGRAM**

In an effort to maintain a campus environment that supports and encourages the dissemination of knowledge, the University will provide a drug and alcohol abuse prevention program in compliance with the Drug-Free Workplace Act of 1988 and Drug-Free Schools and Communities Act Amendment of 1989. All students and employees share in the responsibility for protecting our environment and are expected to exemplify high standards of professional and personal conduct. The unlawful manufacture, distribution, dispensation, possession or use of alcohol; illegal drugs; or controlled substances by members of the Beal University community adversely affects the educational environment. Therefore, the University is committed to having a drug-free campus.

The following material will provide you with information concerning:

- Standards of conduct that clearly prohibit the unlawful use of alcohol, illegal drugs or controlled substances by students and employees on its property or any University activity.
- A description of applicable legal sanctions under law for the unlawful possession or distribution of illegal drugs or alcohol.
- A description of health risks associated with the use and/or abuse of illegal drugs or the abuse of alcohol.
- And a clear statement that Beal University will impose disciplinary sanctions on students and employees for violations of this policy.

All employees and students are expected to adhere to this policy during the course of employment and/or enrollment at Beal University.

## **DRUG AND ALCOHOL ABUSE POLICY**

In accordance with the Drug-Free Schools and Communities Act Amendment of 1989 and Drug-Free Workplace Act of 1988, Beal University supports and maintains a drug-free living and learning environment and workplace for its students, faculty and staff. As a result, the University strictly prohibits the unlawful manufacture, distribution, dispensation, possession or use of alcohol; illegal drugs; and controlled substances, and possession of drug paraphernalia by students and employees, including volunteers and guests, on University property or at any University-sponsored event on or off campus. Alcohol may be served at University events with prior authorization. The consumption of alcohol at events when the University has authorized such use is permitted only by individuals of legal drinking age.

Any student failing to comply with the policy constitutes a violation of the Beal University Student Code of Conduct and offenders will be subject to sanctions, consistent with local, state, and federal law, up to and including suspension or dismissal.

Any employee in violation of the policy will be subject to disciplinary action up to and including termination of employment. Employees are required to report any drug- or alcohol-related convictions occurring in the workplace to the University no later than five (5) days after such conviction. Such conviction may also result in termination of employment.

The University reserves the right to pass on information regarding possession, use and/or distribution of illegal drugs and drug paraphernalia by any member of its community to local, state, and federal authorities as required.

## STUDENTS

### *Beal University Student Code of Conduct*

Upon enrollment to Beal University, students pledge to uphold and abide by the Student Code of Conduct. All students are bound under this code and any violation of the Student Code of Conduct will be dealt with accordingly. The Student Code of Conduct has been established in an effort to promote a balance between the interests of the individual and those of the Beal University community. The regulations contained within the Student Code of Conduct regarding alcohol, drugs, paraphernalia and controlled substances apply to all students, faculty, staff, alumni, and visitors or guests of the University.

### *Student Alcohol Violations*

Beal University recognizes that some responsible individuals consume alcohol and realizes that there are members of the Beal University community of legal drinking age, the following policy has been established.

Any failure to comply with the following policy constitutes a violation of the Beal University Student Code of Conduct.

1. Age limitations. The laws of the state of Maine pertaining to the possession and use of alcoholic beverages shall be followed specifically. It is illegal for persons under the age of 21 to consume or possess alcohol or for persons of legal drinking age to supply alcoholic beverages to those who have not reached the age of 21. Alcohol may not be consumed or possessed in a room where either student is under the legal drinking age.
2. Closed containers. Students may not loiter in public areas while in possession of alcoholic beverages. (A closed container is one on which the seal has not been broken).
3. Public display of alcoholic beverages on campus or University property. Alcoholic beverages may not be possessed or consumed by persons of any age outside on University property, unless at an approved, University-sponsored event.
4. Purchase of alcohol with University funds. Neither the University nor any group, which owes its existence to Beal University, whether officially or unofficially, formally or informally, will be permitted to use any organizational funds derived from or held by the institution for the purchase of any kind of alcoholic beverage.
5. Social functions. Beal University does not permit alcoholic beverages at student-sponsored events on or off campus. All members of the Beal University community are responsible for abiding by this policy and the enforcement thereof.
6. Alcohol abuse. Unbecoming behavior or any conduct violation committed by a student under the influence of alcohol is not acceptable in the Beal University community. Alcohol abuse is considered any use of alcohol by a student which leads to medical consequences or inappropriate behavior. Examples of such include but are not limited to: alcohol poisoning, blackouts, gastritis (vomiting), alcohol-related physical injuries, verbal abuse, physical abuse, property damage, failure to comply with University officials, reoccurring episodes of intoxication or a single episode of intoxication in which the Chief Operating Officer/Campus Director or his/her designee believes that the level of intoxication posed a risk to the student's or other students' health or well-being.

7. Binge drinking. Any drinking game or common container found on campus or at a University sponsored off campus event shall be considered to be used for binge drinking. Pong tables/set ups, Beer kegs, bongos/funnels and other common containers are considered a violation.
8. Off-campus violations. Although Beal University cannot and does not accept responsibility for the conduct of students while they are off University property and cannot regulate the sale of alcoholic beverages to members of the Beal University community by the management of off-campus businesses, the University reserves the right to make off-campus conduct by its students a matter of the judicial policy under the Student Code of Conduct.

### ***Student Illegal Drugs, Drug Paraphernalia and Substance Abuse Violations***

1. Substance abuse. Beal University has a zero-tolerance policy for the use of illegal drugs, drug paraphernalia, and substance abuse of any type. Therefore, any substance, legal or otherwise, that is used for the intention of intoxication/impairment, or misused regardless of intent, and is deemed harmful or potentially harmful to self or others, will be considered substance abuse.
2. Illegal drugs. The possession, use and/or distribution of illegal drugs and drug paraphernalia.
3. Drug paraphernalia. Prohibited and illegal items include, but are not limited to: any amount of an illicit drug (including seeds), bongos, pot pipes (bowls), rolling papers, scales (electronic or hand-held), blow tubes, etc.

\* While the use of marijuana is legal in the state of Maine, it is not federally legal and not allowed on our campus or satellite location.

### ***Sanctions Imposed on Students for Violations***

1. Disciplinary reprimand
2. Educational sanction
3. Community restitution
4. Required substance abuse assessment and/or counseling
5. Disciplinary/Social Probation
6. Suspension or dismissal

Violation of the rules with the Drug Free Schools and Communities Act Amendment of 1989 may lead to dismissal from the University. All disciplinary matters will come before the Administration, which will review the complaint, interview the person(s) involved and make a determination of the action. Results may include: dismissal of the charge, disciplinary reprimand, educational sanction, community restitution, required substance abuse assessment and/or counseling, disciplinary/social probation, suspension or dismissal. The finding will become part of the student's permanent file, possibly affecting a recommendation from Beal University to future employers. Beal University reserves the right to dismiss any student for whom it feels continuation would be a detriment to the student, fellow students, and/ or the University.

## **EMPLOYEES**

### ***Beal University Employee Conduct Code***

Upon employment to Beal University, employees pledge to uphold and abide by the Employee Conduct Code. All employees are bound under this code and any violation of the Employee Conduct Code will be dealt with accordingly. The Employee Conduct Code has been established in an effort to promote a balance between the interests of the individual and those of the Beal University community. The regulations contained within the Employee Conduct Code regarding alcohol, drugs, paraphernalia and controlled substances apply to all students, faculty, staff, alumni, and visitors or guests of the University.

### ***Violations by Employees***

All employees of Beal University are responsible for compliance with the Drug-Free Workplace Policy as a condition of continued employment. Violations will be subject to discipline, up to and including immediate termination of employment.

### ***Sanctions Imposed on Employees for Violations***

1. Disciplinary reprimand
2. Community restitution
3. Required substance abuse assessment and/or counseling
4. Disciplinary/Social Probation
5. Suspension or dismissal

Violation of the rules with the Drug Free Schools and Communities Act Amendment of 1989 may lead to dismissal from the University. All disciplinary matters will come before the Administration, which will review the complaint, interview the person(s) involved and make a determination of the action. Results may include: dismissal of the charge, disciplinary reprimand, community restitution, required substance abuse assessment and/or counseling, disciplinary/social probation, suspension or dismissal. The finding will become part of the employee's permanent file.

### ***Drug and Alcohol Testing for Employees***

#### **Reasonable Cause**

Employees who are reasonably suspected of using alcohol or illegal drugs or of abusing controlled substances in the workplace or of performing official duties while under the influence of alcohol, illegal drugs, or abused controlled substances will be required to undergo an alcohol and/or drug test. "Reasonable cause" exists when an employee exhibits behavior that suggest impairment from drug or alcohol use or when job performance or safety is affected. An employee may be requested to take a drug or alcohol test if management officials or supervisors have a reasonable belief that the employee's faculties are impaired while at work due to drug or alcohol use.

### **Post-accident**

Employees may be subject to drug and/or alcohol testing when he/she cause or contribute to accidents that seriously damage a Beal University vehicle, equipment or property or result in an injury to himself/herself or another employee requiring offsite medical attention. A circumstance that constitutes probable belief will be presumed to arise in any instance involving a work-related accident or injury in which an employee who was operating a motorized vehicle is found to be responsible for causing the accident. In any of these instances, the investigation and subsequent testing must take place within two hours following the accident, if not sooner.

### **Follow-up**

Employees who have tested positive for drug and/or alcohol, or otherwise violated this policy, are subject to discipline, up to and including termination. Depending on the circumstances and the employee's work history/record, Beal University may offer an employee who violates the policy or tests positive the opportunity to return to work on a last-chance basis pursuant to mutually agreeable terms, which could include follow-up drug testing at times and frequencies determined by Beal University for a minimum of one year but not more than two years as well as a waiver of the right to contest any termination resulting from a subsequent positive test. If the employee does not comply with the agreed upon terms and conditions, the employee will be subject to immediate termination from employment.

### **Consequences**

Employees who refuse to cooperate in required tests, who use, possess, buy, sell, manufacture or dispense any illegal drug in violation of this policy, or who tests positive for alcohol or illegal drug use under this policy, will be disciplined, up to and including termination. Employees will be paid for time spent in alcohol or drug testing and then subject to unpaid suspension pending the results of the drug or alcohol test. After the results of the test are received, a date and time will be scheduled to discuss the results of the test; this meeting will include the supervisor and Human Resources. Should the results prove to be negative the employee will receive back pay for the times/days of suspension.

### **Confidentiality**

Information and records relating to positive test results, drug and alcohol dependencies, and legitimate medical explanations provided to Human Resources will be kept confidential to the extent required by law and maintained in secure files separate from normal personnel files. Such records and information may be disclosed among managers and supervisors on a need-to-know basis and may also be disclosed when relevant to a grievance, charge, claim or other legal proceeding initiated by or on behalf of an employee.

### **Inspections**

Beal University reserves the right to inspect all portions of its premises for drugs, alcohol or other contraband. All employees, contract employees and visitors may be asked to cooperate in inspections of their persons, work areas and property that might conceal a drug, alcohol or other contraband. Employees who possess such contraband or refuse to cooperate in such inspections are subject to disciplinary action, up to and including termination.

## **Annual Dissemination**

The Office of Student Services will provide all Beal University students an electronic copy annually. An electronic copy is provided to all new students during student virtual orientation. A link to the Drug and Alcohol Abuse Prevention Policy and Procedures is available on the Beal University website.

An electronic copy of the Drug and Alcohol Abuse Prevention Policy and Procedures is provided during the onboarding process to each newly hired employee at the beginning of their employment. Annually the policy is distributed via electronic copy to all Beal University employees.

Additionally, a hard copy of the Drug and Alcohol Abuse Prevention Policy and Procedures will be available upon request to students and employees.

## **Annual Review**

In an effort to comply with Drug-Free Schools and Campuses Regulations an annual review will be conducted by Beal University. The purpose of the review is to:

- Determine the effectiveness and implement changes to the program if needed
- Ensure that the disciplinary sanctions described in the program are consistently enforced

The Chief Operating Officer, Campus Director, VP-Finance/Human Resources, and Compliance Officer will meet biennially to discuss documented instances where the Drug and Alcohol Abuse Policy has been violated. They will submit their findings to the President and present improvements and/or changes to the program. A report of the biennial review will be available in the Office of Human Resources and the Office of Student Services.
